Foreword

The Chronicles 2024

We thank the Lord who has enabled us to present to you the third Edition of The Chronicles, Abba Father Fellowship's Magazine published every December. As the Ministry grows, there is a lot to document and we try our best to put together content that covers all the ministry's activities and events for you.

This year, we focused not only on the Ministry events, but also the fun side of life and moments. As many can testify, the year 2024 is one to remember given the different challenges that we faced at different levels. All the same we thank the Lord for His grace and direction on how to maneuver to the end.

When we talk about international doors opening, this year we experienced it; We made several international trips and we were blessed to host several servants of God from other countries. The most recent trip was in November where we had a team of eleven Abba Father Fellowship ministers travel to Zimbabwe to support our sister minister the Peniel Global Churches.

Another team led by the Vision bearer of Abba Father

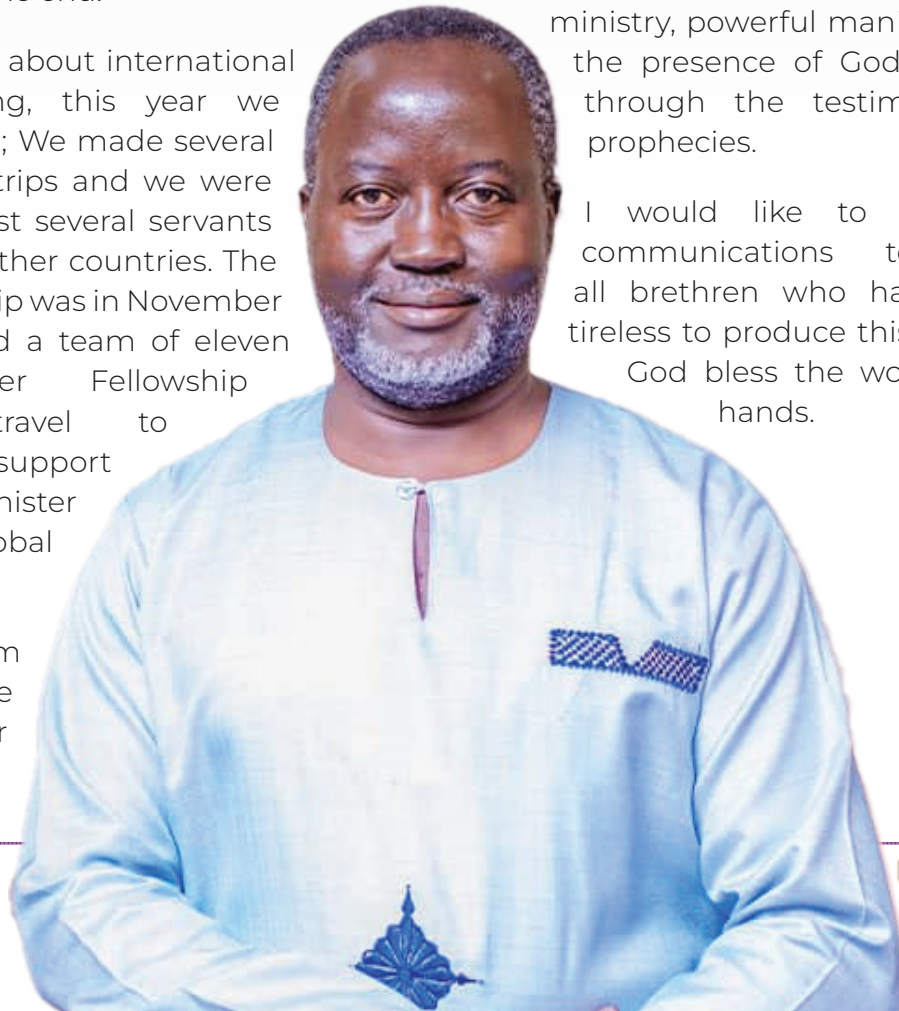

Fellowship, Prophet Vivian, travelled to Atwea prayer mountain in Ghana.

Through devine connection, the Ministry hosted Bishop Alicia Perry from Washington DC, USA, who launched the School of the Prophetic. We had a team from Peniel Global churches, Apostle Godfrey and Hyden Makwasa who graced Mama's birthday in July. In April, we hosted Prophetess Natalie and her team from Zimbabwe.

As evidenced, the growth in the ministry is manifested in the life of the brethren who fellowship in the ministry. Amidst the tough year, we have witnessed another level of organization, excellence in ministry, powerful manifestation of the presence of God confirmed through the testimonies and prophecies.

I would like to thank the communications team and all brethren who have worked tirelessly to produce this Magazine.

God bless the works of your hands.

It is possible!

The title of this article is the theme from God himself through his servant Mama Vivian, this all started in a powerful prophetic service held in Kampala which commenced with deliverance of international guests to wit; Pastor Wish from South Africa and Sis Anna from Southern Sudan who specifically came to Uganda to pray with Abba Father Fellowship.

It is possible that God deposited such a beautiful message in Mama Vivian's spirit to be delivered to whosoever attended the service and I quote "the Lord said no matter what happens in this world, if you leave this world the way you met it, it was better you did not come, We are here so that we cause change in this world.... something must change so that you change this world. She further said...."the impossible must die....."

This is a message to your New Year where she emphasized that protocols must be broken so that you can enter the New Year with new blessings, mindset, new favour, new reasoning because it is all possible simply because you cannot settle where ordinary men settled.

It is so possible that you can appear before your troubles as a god and command the impossible to be possible. That as you enter the New Year you ought to wipe away the tears of sorrow of 2024 and welcome the

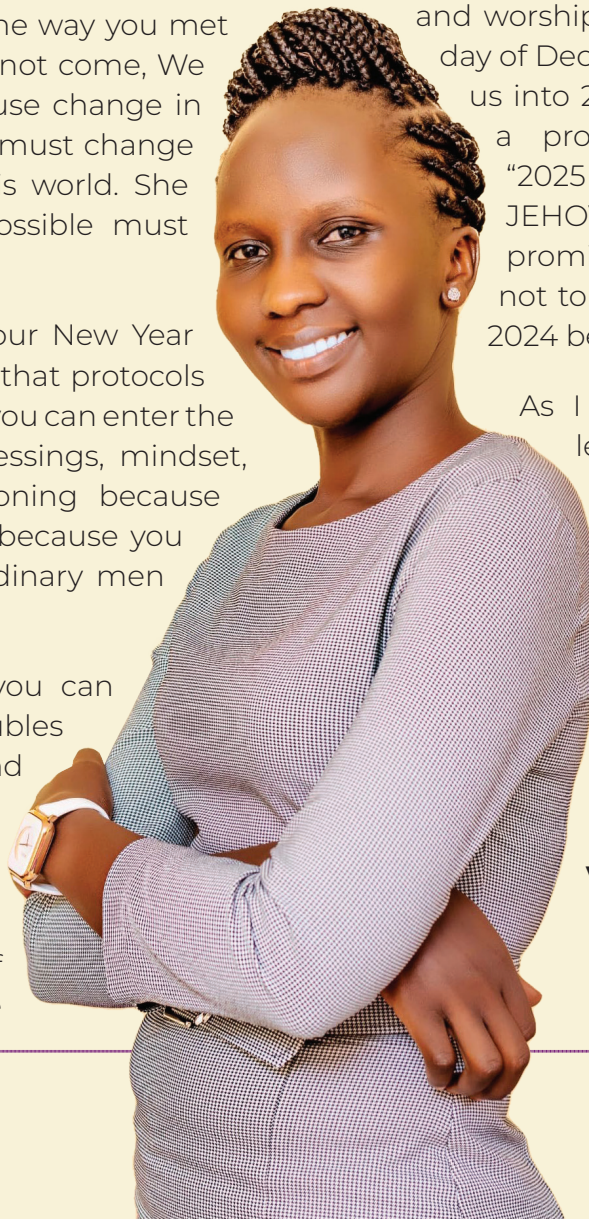

tears of victory in 2025 so that you break records because it is possible.

The motto from this preaching was, "YOU CAN DO ALL THINGS THROUGH CHRIST WHO STRENGTHENS YOU". So as you start off the New Year 2025 marry your mindset to the motto and the solitary password to witnessing the impossibilities becoming possibilities is, "IF ONLY YOU BELIEVE". So you must be a generation of FAITH AND BELIEVE for all things to be POSSIBLE because we serve the "GOD OF ALL THINGS ARE POSSIBLE".

And guess what? We started the last month of December with mighty praise and worship to God and that 1st day of December, 2024 ushered us into 2025 where we made a promise to God that "2025 I WILL PRAISE YOU JEHOVAH" it being the only promise to our GOD and not to praise the sorrows of 2024 because all is possible!.

As I windup with this, I leave you with a new spirit and mindset of it is POSSIBLE IF ONLY YOU HAVE FAITH AND BELIEVE and this is only achieved by erasing the word "UNBELIEF"

MAY GOD BLESS YOU!

School of Prophetic Ministry

The school of prophetic ministry was a biblical instruction program facilitated for leaders not only in Abba father fellowship but also ministers in the body of Christ. Pastors, bishops, prophets, apostles and others who desire to learn more about the prophetic and seek instruction on how to effectively operate ministry gifts.

The school of prophetic ministry was launched in the month of September 2024 in ABBA FATHER FELLOWSHIP, Mbale by Bishop Perry Alicia as our guest from USA Apostolic Global ministries and Mama Vivian as the host. It was a two-year program condensed in two weeks which took place between 11th September 2024 to 27th September 2024.

We learnt what prophecy means, types of prophecy, visions, how God speaks and gift of prophecy activated and alignment of servants of God.

How the lord ordained the meeting between mama Vivian and bishop Perry Alicia

It was a divine appointment by the lord. Bishop came to Uganda looking for mama Vivian and the ministry, and she eventually ended up renting in the same place with mama Vivian and she got to know after a period of time.

Biography of Bishop Alicia Perry.

Bishop Alicia Perry is a licensed and ordained minister of the gospel, founder of Alicia Perry ministries international, licensed domestic violence counselor and overseer of the churches in USA. Anointed and seasoned vessels of the Lord who has been called by the Lord. Woman of intense prayer and seeks the face of the lord that he may speak to the hearts of men. She is a transformer seeking the lord to edify the prophetic ministry worldwide. She is the founder of APMII Global Apostolic, Prophetic institute, and her mission is to train and mature pastors and apostles in the body of Christ. That's a little about bishop Alicia Perry

Birthday

This is a month in which we spoil our mother in various styles. The occasion is always filled with joy and laughter arising from the performances of

the different departments, ministers and individuals.

On the 24th July, God made it fit for His servant to be brought forth unto this earth. How grateful we are to God for this amazing gift to man kind. There is a particular beauty about being in the corridors of the 3rd floor in life. There is surely much to fathom about being in the thirties.

This year's birthday celebration was graced by guests from Zimbabwe. They included Apostle Highen and her husband, Apostle Magwaza and two others. Oh yes, only the Abba Father faithfuls can testify to the glam and excellence on this day.

We had celebrations in both chapters i.e Kampala Mbale. This particular birthday was unique in a way that the birthday baby instead chose to gift

her spiritual children. Every minister serving in Abba Father Fellowship was gifted. The giver and mother in Mama were well displayed in her actions. She strives to put smiles on the faces of many. This was a very humbling gesture that left the ministers and all visitors puzzled.

Despite the hurdles of this year, God has been faithful, God showed up in ways we could never fathom. Mama Vivian's spiritual friend, Prophet Ivan was present and he unleashed his musical prowess.

Mama, your children of Abba Father Fellowship celebrate and honour you for the many fruits of your anointing. May the Lord grant you long life and many more blissful celebrations in life.

Shalom.

Baptism

ABBA FATHER FELLOWSHIP

Trip To Zimbabwe

On 10th June, 2024, we were blessed to take a trip with our spiritual mother to the great land of Southern Rhodesia, current day Zimbabwe. What a joy it was because it was not an ordinary journey but a call from Zion. Mama Vivian once said, "When Zion calls, you ought to respond and we did just that."

We were warmly welcomed by our Zimbabwe family, the family of Apostle Highden and Godfrey Makwaza our host, Prophetess Natalie and the team of ministers of Peniel Global Church "the

God of Abba Father manifested Himself as soon as the woman of God, Mama Vivian stepped into the waiting lobby at the airport.

Apostle Highden said that when she saw the woman of God, there was a bright light that shone behind her as she moved for some time, and surely that showed the presence of God in Zimbabwe."

The woman of God started off her work on arrival in Zimbabwe, where went straight to the hospital to pray for a patient who had been sick for a long time. She prophesied, prayed for the old woman, and her health

“

One of the ladies was given a prophecy about an accident that would take her life. The woman of God instantly prayed for her and what the enemy meant for evil, God turned it for her good.

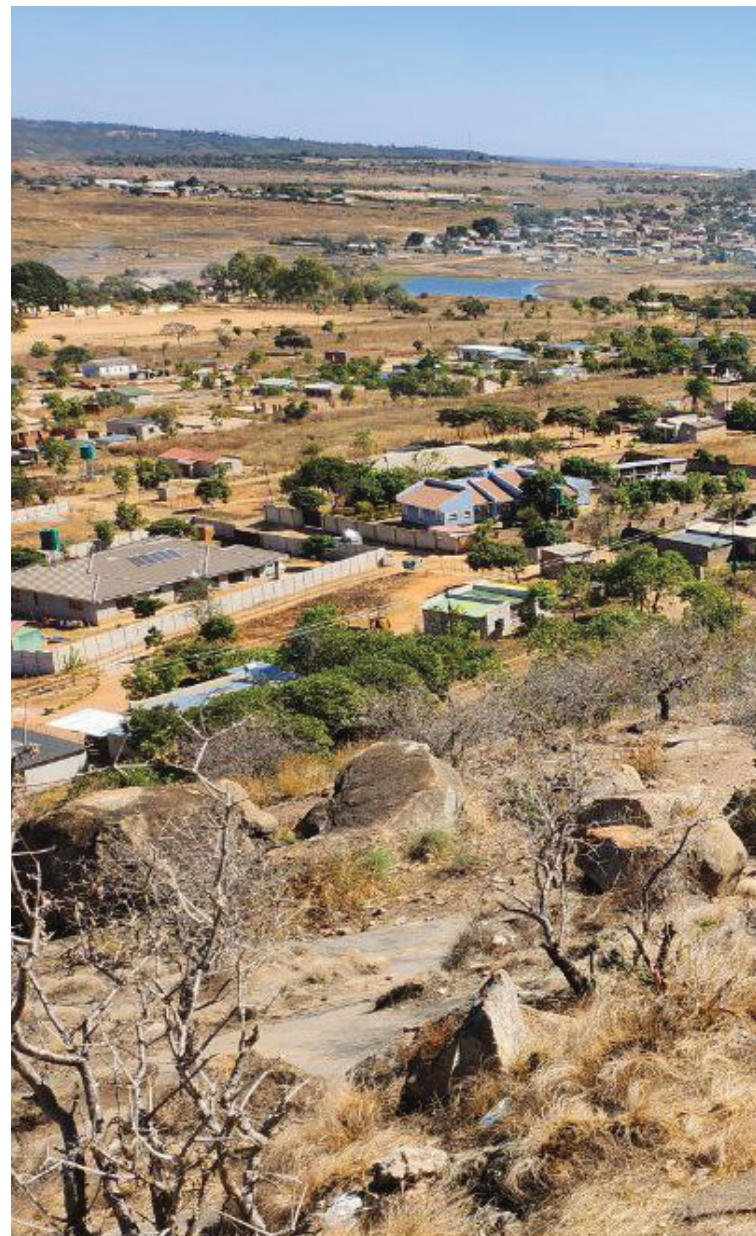

was restored. Glory be to Jesus.

A massive overnight was held and it was filled with deliverance and prophecies, many people were delivered from spiritual husbands, family altars, and marine spirits and lives were not left the same. Some of the prophecies manifested with speed, two women received prophecies of leaving the Zimbabwe for the UK. One of them got a confirmation letter

allowing her to go to UK for studies, a few days after the overnight service and another was for her relocating with her family to the UK and the confirmation came just after a week.

Among the many activities, the woman of God had one-on-one session with those who needed clarity and counseling about the situations they were facing. In her humility she, availed her time for all those who wanted to see her.

One of the ladies was given a prophecy about an accident that would take her life. The woman of God instantly prayed for her and what the enemy meant for evil, God turned it for her good. The next day the lady returned to confirm the prophecy. As she was driving back home in the evening after work, a speeding car ramped into her car, but she was not injured

The youth engagement

In the youth overnight, it all turned out

**Mama Vivian left a mark
in Zimbabwe, and they
will never remain the
same. Glory to God!**

to be a night of learning. Through Pastors Joseph and Sister Sandra, the youth realized they have a lot more to learn in order to serve God well. Most of them lacked direction and zeal for God. Most of them were fired up and their desire to serve God was raised. Many showed interest to serve in capacities such as Pastors, ushers and choir in Peniel Global Church. They also learnt that they are the next generation to lead the church and there is need for them to embrace and serve the Lord.

Raising of Banners

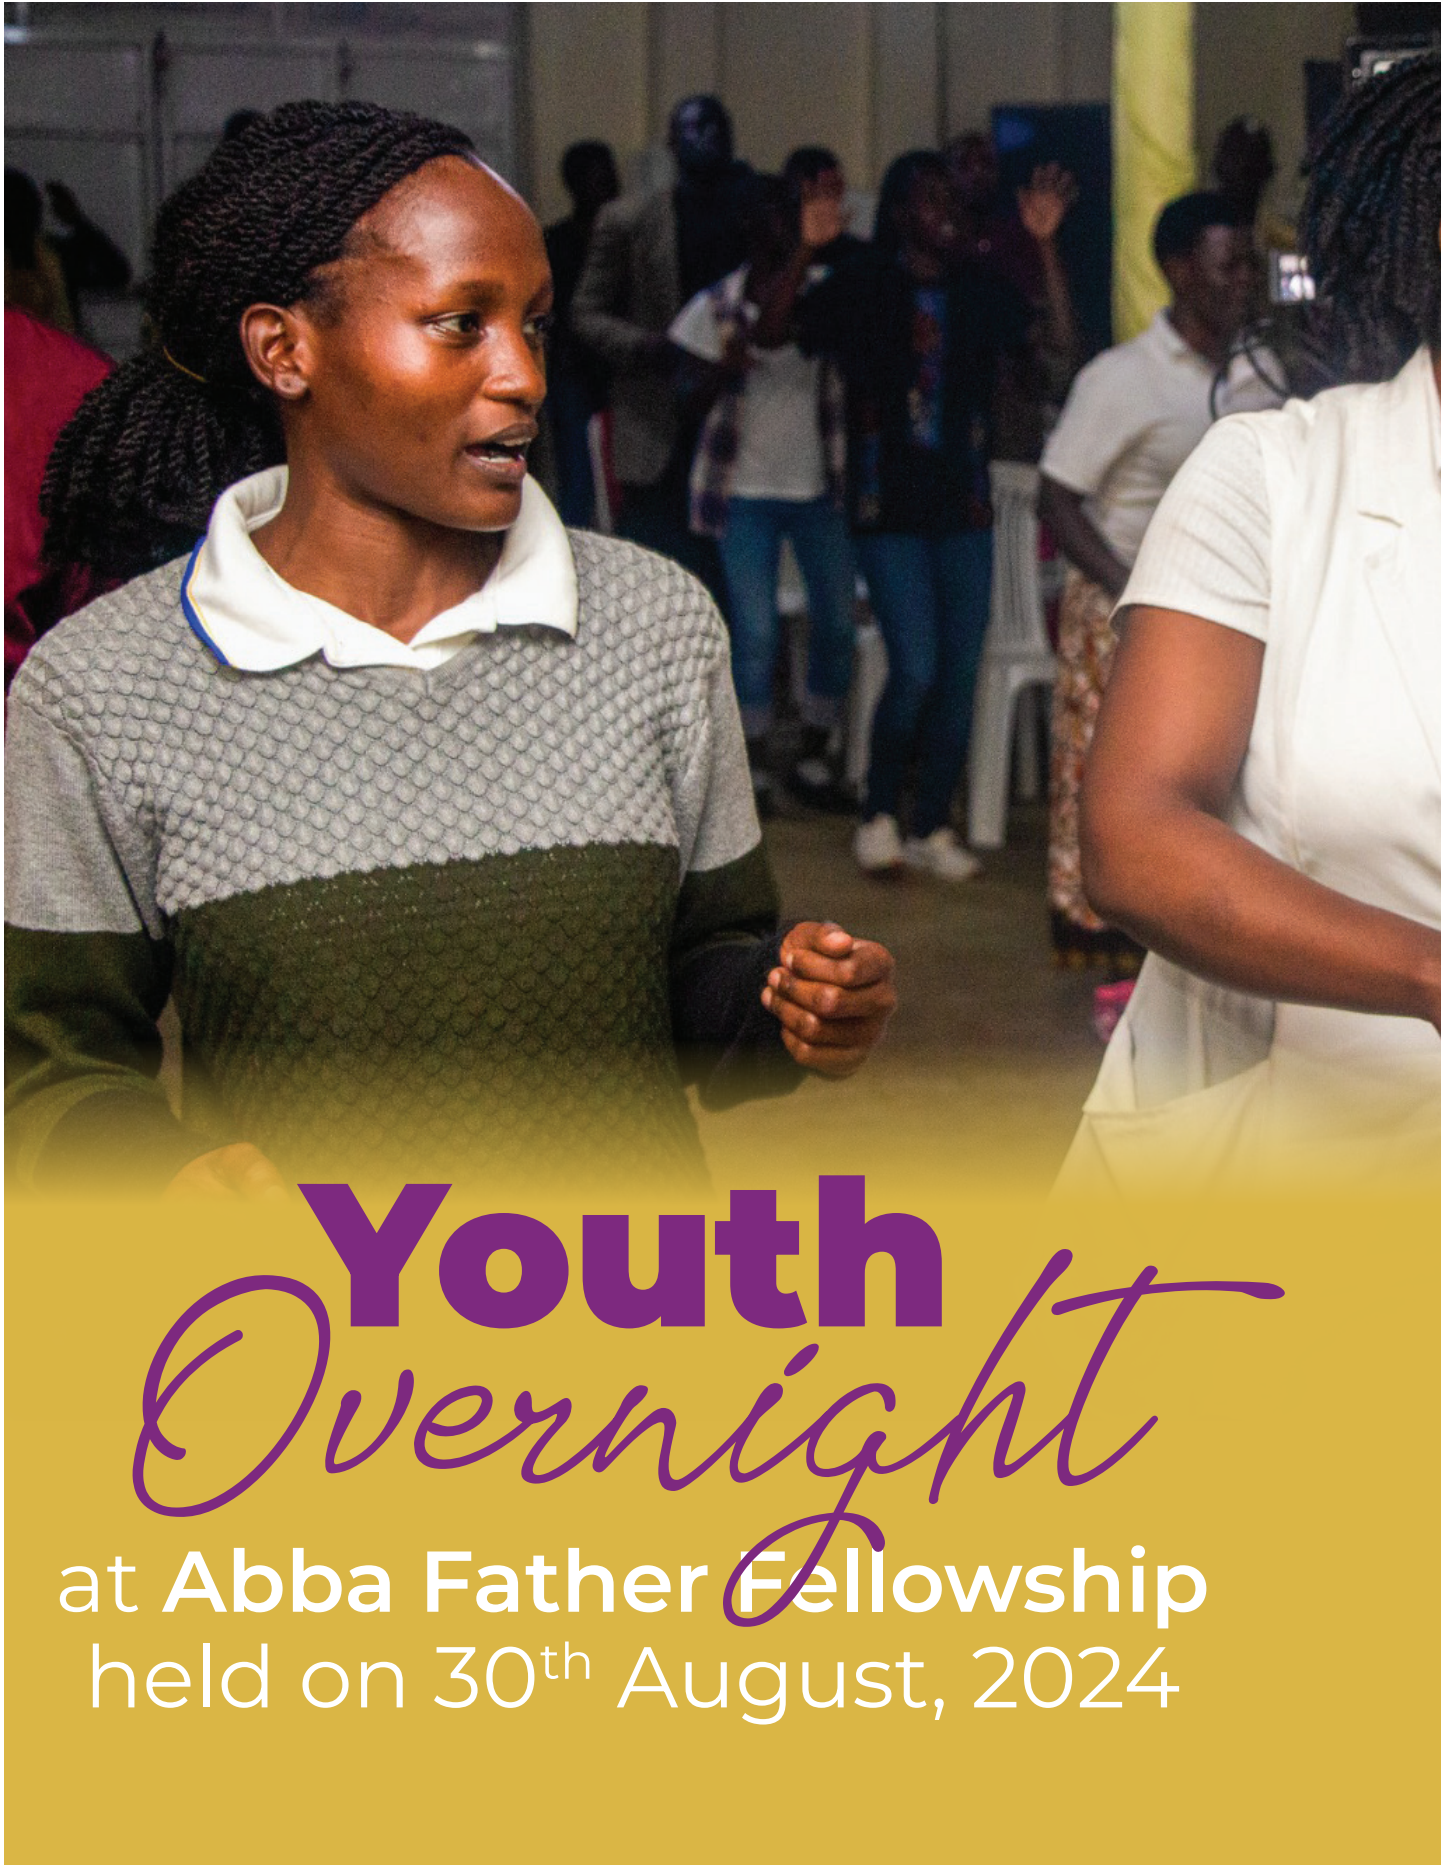

One of the most hectic and most powerful things Mama Vivian did was raising different prayer centers amidst her busy schedules. She successfully raised three of them.

One of them was Mudzi, a district bordering Mozambique, about 213kms and Kariba prayer Centre, which is 355.8kms and it takes about five hours on road. Her love for spreading the gospel in Zimbabwe had to be fulfilled. Nothing stopped her from attaining and finishing the assignment.

Unfortunately, her time with the team in Zimbabwe seems to have been too short for them and even to the last hour of her flight back to Uganda, Christians followed her up to the airport so that she may pray for them.

All in all, Mama Vivian left a mark in Zimbabwe, and they will never remain the same. Glory to God!

SHALOM

Youth *Overnight* at Abba Father Fellowship held on 30th August, 2024

Theme: Set us on Fire

Scripture Ref: Jeremiah 20:9

'I will not mention His word or speak anymore in His name, His word is in my heart like a fire, a fire shut up in my bones. I am weary of holding it in; indeed, I cannot.'

This year's youth overnight was spectacular! From the preparation, mobilization and organization. The youths clearly showed the era of technology in which they live by fully adopting social media for mobilizing members to attend. The advanced youths also rallied in and all these blended so beautifully.

The overnight was graced by a team of youths from Zoe Ministries and their lead, Prophet Ivan. Just know that dancing and prayer was fire-filled and no room for dozing.

With excitement, the woman of God, Mama Vivian made a surprise appearance at about midnight. The joy of seeing a mother filled the whole church. Her message to the youths was well deserving and titled

'Leave a mark as you exit the world.'

In her message she said this could be achieved by having principles, discipline, character and vision. She stressed that exposure is an ingredient for growth and achievement. This left the youth with questions to always ask themselves;

- Who am I?
- Why am I here?
- What can I do?

We were blessed with four different preachers who delivered encouraging messages for those in attendance. They were Pastors Aaron, Jonah, Surroc and Prophet Ivan. Prophet Ivan nailed the night of prayer with deep worship which was so captivating.

Pr. Aaron shared scripture from **1 Tim. 1:12 (Niv)**,

"I thank Christ Jesus our Lord who has given me strength, that he considered me trust worthy, appointing me to his service."

Stressing the fact that it is by nature that God has trusted us and therefore appointed us for ministry/service so we are a masterpiece.

Pr. Surroc taught the youths to have knowledge and understand the techniques of fighting their way with humility for the good. **1 Peter 5:5-9**

The messages fired up the church and they learnt that

Battles in life are inevitable

No one was destined for poverty

Everyone is born for a reason and season.

As youths we should channel our energies for ministry other than misusing it for non-developmental activities.

1st Corinthians 12:12-27 talks about parts of the body working for the greater good.

The youth of Abba Father Fellowship are grateful for the overnight.

We have been "set on Fire".

God Bless You all

The International Women's Conference

The International Women's conference was the epitome of Women's conferences held in Abba Father Fellowship International. It gathered women from all walks of life and they were eager to partake of what the powerful Servants

of God had in store for them all the way from Zimbabwe. The conference was graced by Prophetess Natalie, Apostle Highden and Ms Tafazwa from Zimbabwe.

The two-days conference was filled with powerful messages. The word

(L-R) Mama, Prophetess Natalie, Apostle Highden and Ms Tafazwa.

of God was delivered so beautifully, the testimonies, dances, deliverances and sharing of experiences were wonderful.

Many women can attest to it that the conference did not leave them the same, as their lives were transformed. Many are looking forward to having another one next year.

Topics discussed ranged from family and marriages, spiritual growth of the women drawing examples from various female characters in the Bible. The women were able to relate the different characters to their own lives.

Prayer was also one of the key highlights of the conference. Women were able to learn how to pray over different areas of their lives and issues that affect them.

Ms Tafazwa encouraged the younger women and used her own life experiences that are familiar with what the

Ms Tafazwa encouraged the younger women and used her own life experiences that are familiar with what the young women of this generation go through

young women of this generation go through. It was an awakening and honest talk to help the women embrace their errors and move on now that they are serving God.

Prophetess Natalie and Apostle Hayden shared their own

experiences with the married and single mothers. In the same manner, the women freely shared about their journey and how they overcame through prayers.

Mama Vivian crowned it all by thanking the team from Zimbabwe

for honouring the invite and gracing the conference. She also noted that it is the beginning of a new journey in the women ministry.

We look forward to next years women's conference

ABBA FATHER FELLOWSHIP

Fun Time at AFFI

Healed from Kidney Failure

My name is Odee David Smith and am testifying of the goodness of the Lord upon my life and health.

It was in December 2023, while I was in Soroti that I started having swollen feet, fatigue and constant diarrhoea. The clinics I went to were checking for malaria and typhoid, but they found nothing was yet I was not okay, even walking became very difficult.

Within this period, little did I know that my children had received a prophecy about my health way earlier before all these started manifesting. I don't know much about prophecies but I came to learn about this later on.

The prophecy was given around October, 2023, and it was more of a warning to my children, Joseph and Mercy to pray for me. The woman of God said pray for your Father, pray for his health. And just three months later my health battles began.

It got worse that I wouldn't walk, I was being carried, I was bulging, swollen feet and I couldn't even drive. My brother Patrick Lambert was called and was informed about my situation and he came to Soroti and drove me to Kampala for proper treatment and also investigate what the issue was.

We got to Kampala, tests were done and nothing was found, then Mama, my sister Susan and Lambert took me to Link hospital around Ntinda and that is how it was discovered that I had acute kidney failure. Various tests were done as well, but my kidneys were starting to fail.

This is when it dawned on me how serious my situation was and how much I needed God's hand to intervene. From Link Hospital we were told they couldn't handle my issue and I had to be transferred to Nsambya Hospital for specialised medication and treatment. I was taken to Nsambya Hospital and was admitted immediately.

Mama Vivian, my brother, Lambert and most of my family members were with me in Hospital, and the Doctors said I needed to have dialysis. And so, a tube was placed on my neck and I had to have dialysis twice a day. This was one of the most life changing experiences I have ever encountered. I saw

the vulnerable state I was in and I also did see the hand of God in this. Mama Vivian kept praying for me, Abba Father Family prayed for me, some of them whom I didn't know also came to visit me in hospital and I felt the support even when I was in a vulnerable state.

The Doctors said that even though I recover, I would have to live with dialysis for the rest of my life. But children of God, the God of Mama Vivian changed the narrative.

Dialysis is expensive and also the Discomfort of having a tube on my neck was another bitter truth to swallow. I wouldn't believe the state I was in and I kept asking my sister to always pray for me.

Mama Vivian, my wife and brothers stayed with me all through the period I was in the hospital, my Mother, Pauline also travelled from Soroti to come and take care of me in the hospital and I could see how much my family was affected by this, but also I saw

ABBA FATHER FELLOWSHIP

how we all connected and stood by each other all through this period. We trusted in God, prayed and fasted for a miracle.

I was in the hospital for two months and it equally traumatising to always hear that someone within the ward has passed on or their condition has worsen. But with me, the God of Abba Father Fellowship was with me. My pressure would shoot up.

Abba Father Faithfull, this God is real and He is faithful. After sometime, the Doctors said I wouldn't need dialysis anymore, I was stopped from it, then also the tubes from my neck were removed which was not the case according to the first report. My pressure started normalising, I started to pass urine normally. At first my urine was very dark and I couldn't pass urine normally, it was so painful whenever I did and that is why I had a catheter. This too was removed and my urine colour became lighter. I begun to walk without support because the God of Mama Vivian healed me.

I stayed an extra week in the hospital so that the Doctors could monitor me and also my internal organs were all checked and I was perfectly well. My internal organs were okay, my kidneys normalised and I was only told to watch my weight and change my diet. The God of Abba Father Fellowship, the God of Mama Vivian located me and healed me.

Abba Father Family, thank you for your prayers, and

to all those who visited me while i was at the hospital. I am grateful. Let God bless each one of you.

Above all, the name of God was lifted high. God's name was exalted. I am a living testimony of the God of this mighty Ministry. Glory and honour to God above. I am well and I will live long to glorify His Holy name.

Glory to God. Be blessed Children of God.

I witnessed God's hand in an accident

Prossy Mwanje

It is a privilege and a blessing to testify of the goodness, love, mercy, and the grace of God. My testimony is a confirmation of the Prophecy that was given to me in an overnight in Kampala on Friday 5th April, 2024.

During the overnight, God spoke in my life through the Woman of God Prophetess Vivian that *"Persecution will be seen and heard in my life because God's plan is to move me to another level"*.

The prophecy was given to me in a form of parable and sounded like it was to come to pass. When I went back home, I imagined how, but decided to lift my eyes to the Lord and tarried for some time for the grace, mercy and divine strength and for God to stand

with me when that time comes. Time came and I forgot about it because it had taken some months and I even stopped praying about it.

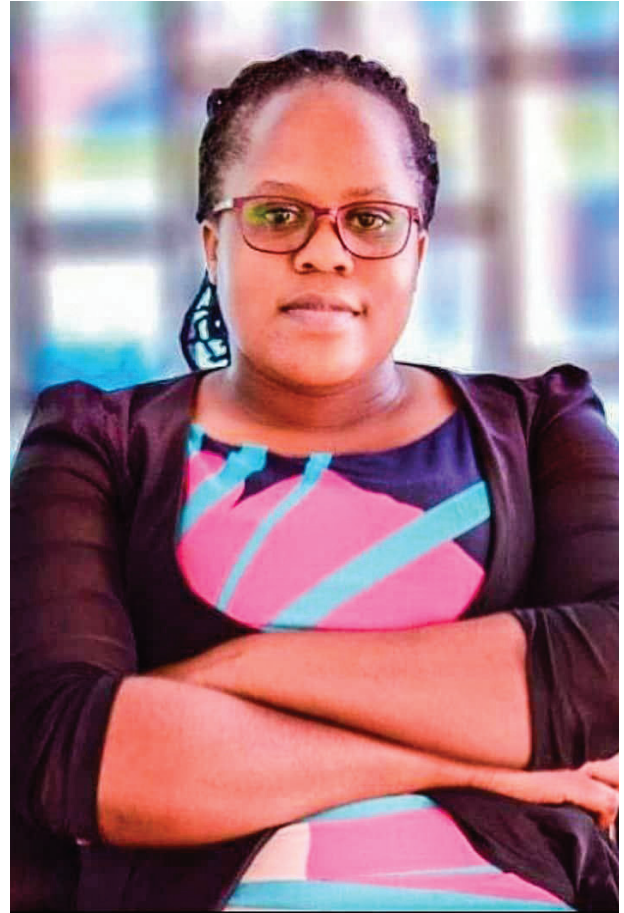

In late July and August, I meditated so much about the grace and mercy of God and for some days I would sleep very late meditating about the same. There are moments I would go to pray but somehow start to reflect on God's Love, grace and mercy upon my life. I kept thanking Him.

On Friday 23rd August, 2024, I begun the day like any other day. This was the period we were for prayer and fasting for seven days as Abba Father Fellowship family. This was our 5th day. It had been declared by the woman of God that the coming days would be hard days.

While I earnestly tarried within those days, I could hardly have sleep in the night and my spiritual life was lifted up. On the same day, I reported to work early and decided to listen to the morning devotion shared by Pr. Eric. It was from Romans 8:26-27.

Later I rushed to Kyanja on a safe boda for a client visit and I had to return to work for another meeting. While crossing the road, a high speeding motorcycle hit me. All I remember, is that I felt as if I am paralysed and falling in the middle of the road but within those few minutes I cried to God asking Him to spare my life because I still have His work to do and take care of my Child after that I became unconscious.

The God of Abba Father, the God of Mama Vivian is so faithful that He sent His angels (the lady I know nothing

about and the safe boda gentleman) to carry me to a nearby clinic. At the clinic, the medics did all they could but could not manage the situation and referred me to Nsambya Hospital, emergency unit, still unconscious. They did what they could to wake me up.

From the time I became unconscious, I could tell that my soul had separated from my flesh because I would see myself well and moving, I tried to talk to people but they would not hear me. At some point I would see my flesh lying down helpless. Even when I woke up, I prayed and requested people to pray for God to align my spirit with my flesh because the two were apart.

I was in Nsambya Hospital for one week. I am grateful to God that when the scans

The God of Abba Father, the God of Mama Vivian is so faithful that He sent His angels (the lady I know nothing about and the safe boda gentleman) to carry me to a nearby clinic.

were done, I did not have any fracture or injuries but I was told that the brain shook a bit and some blood sprinkled around it. I was later taken home, amidst pain, a lot of headaches, being intolerant to any sound, the God of Mama Vivian gave me faith to stand strong.

I was not allowed to use gadgets like a phone, laptops and TVs because I would often blackout. After about a week at home, I sneaked and picked my phone to join prayers whenever I could amidst pain. God is so faithful that a person who could not be on gadgets would only attend services but any other thing I tried to do on phone would fail and I blackout.

I believe in the God of Mama Vivian for my restoration, I joined the rest in faith during online services and surely God is so faithful. He revealed Himself to me so mightily in dreams through His servants Mama Vivian and she told me that it was well with me.

I have witnessed the greatness of God each day of my life, His goodness, wonders and mighty Hand. While in the Hospital, I saw men and women who had gone through similar situations and their brains they were operated, but my

God couldn't allow that to happen to me. What the devil had meant for evil, God turned it around for my good.

My life turned around the day I came for end of October overnight in Kampala. I had an encounter with God and He delivered me from spirit of accidents. He healed me through His servant Mama Vivian. I can proudly tell that the balm of Gilead has made me whole again. I want to thank God for saving me from the snares of death.

To the woman of God, Mama Vivian, may God continue to use you mightily, you stood with me silently in prayers. To our Pastors, I am so grateful. To the brethren in Christ who cried to God for my healing, only God can reward you. I am so humbled.

To the media team, ooh God used you to lift up my soul and faith, I would always try my best to be online and I tell you every moment God never left me the Same. Thank you so much.

To God be all the Glory and Honour.

May the God of Mama Vivian bless you all.

Healed from Cancer

Praise God. I give God the Glory and Honor for the miraculous healing upon my life. It was in the first week of June, 2024, I started feeling a lot of pain on the right side of my Back. The pain was so intense that both standing and sitting was challenging. I decided to go to Mt. Elgon Hospital in Mbale for a checkup.

The Doctor examined me and asked me to run blood tests and do a scan. The laboratory results were all within normal range. Next was the scan results and when it finally came out, I took it to the Doctor for explanation. The Doctor looked at the scan result and he told me that it shows a mass on my right kidney. He said it was a big mass.

Curious to know more about the mass, I asked the Doctor to tell me more about and its likely cause. He said sometimes we are born with small masses and overtime they could grow bigger as a result of irritation. I intently listened in as he explained, however, the look in his eyes was telling me otherwise and there the big statement popped out, "You should see an oncologist who is a

cancer specialist because the mass is big," the Doctor said.

For a moment, I thought I had not heard him well, I looked at him straight with a gaze of are you serious? I asked him, why I should go to see a cancer specialist. He then told me that it was to verify and rule out possibility of cancer. With so many questions running in my mind all I could ask was why the rush to refer me to an Oncologist, he looked at me and smiled and he repeated himself that it is just to rule out the possibility of cancer. He asked me to return on a Saturday.

Without fear I told him that I do not like surgeons. I told him that the specialist might cut me when I do not need it. He tried to convince me that he will cut only when necessary. Just as we were still talking, another Doctor entered the consultation room where we were. Without greeting, he tells the doctor I was with that he is expecting some one for surgery at that moment, then he asked the doctor to inform him if the patient arrives. The surgeon then said he was going to prepare in the theater.

Immediately I stepped out of the consultation room, picked my phone, took pictures of the scan and sent to Mama Vivian explaining everything. After a while, her response was Oh, ok. Inside me I said she is not understanding what the situation looks like. I sent more messages. But the only answers I got

were 'ok' and 'yes please.' I told myself Lillian, this is a battle that needs Mama Vivian who at the time was in Kampala set for a journey to Zimbabwe in a few days. I believed that when I see Mama Vivian, all would be well. Next day. I travelled to Kampala for a second opinion from our office doctor on a Thursday.

As I was traveling, I tried to fix an appointment to see Mama through Papa Erick, but he told me that Mama was available that evening, I should go early morning before she leaves home. I did not take any medication which was given to me from the hospital. The next morning, on a Friday, I checked with Papa Erick hoping to confirm the appointment, and he told me to come by 9:00am. I prepared myself, ready to go. A few minutes to my time of appointment, my husband chose to start cleaning the car even after I told him about my appointment. We set off to go to meet Mama past the time we were given.

Children of God, I believe it was the angels of God that guided us to the route that Mama was using. I thank God that they saw us and stopped. I went to her and we exchanged greetings and she told me, "Akello you already look sick" I answered her "Mama the pain." Then she smiled and asked for the results. She looked at it and said it is

I answered her "Mama the pain." Then she smiled and asked for the results. She looked at it and said it is well. You can go and check then tell me the results. There and then I knew that I was healed

well. You can go and check then tell me the results. There and then I knew that I was healed. When I reached the hospital, when the lady who scanned me asked me to remind her what I said the problem was with me. And in her response, she said in medical terms all my organs are healthy. I took a deep breath and told her to look into the result I came with from Mbale and confirm. She scanned and there was no mass or no swelling. I almost jumped from the scan bed because of the joy of the miracle of healing.

I went back home praising the God of Mama Vivian, for He says by His stripes we are healed. I tell you the devil was brought down under my feet. Then to confirm the works of the devil, that very night of the scan, Mama had a vision in which she was told that I was not supposed to meet her, I was supposed to go and die in the theater, the meeting was a mistake. Because Mama had spoken in my life about certain things, Satan wanted to cut the story short, so that I don't live to see the things come to pass. Every prophecy over my life, must be fulfilled in the Land of the living and the name of God must be glorified in them.

Thank you, Lord, thank you Father for the abundance of Love, Grace, and mercy you have for me. I shall forever serve you Lord.

Narrated by Pastor Lillian Akello

My name is Susan Akol

I am here to testify to the goodness of the Lord through the Abba Father Fellowship and how the Lord has been good to my life.

On June 25, 2024, I experienced a significant change in my body and my life.

Every night, at around 10:00Pm, my son and I usually read the Bible together, but that night was no different. We read Psalm 23, and afterward, we prayed. I then told my son to go to bed since he had school the next day. I didn't show him that I was feeling unwell; instead, I focused on being positive. However, I felt a deep struggle inside. I was having difficulty breathing, and my son had already gone to bed.

At around midnight, I began to feel the weight of the enemy's plans against me. I had also gone to bed, but I needed some water. Moving from my bed felt incredibly difficult; I had to crawl on my knees to reach the fridge. I wanted hot water from the flask, but getting up was a struggle, my body was heavy, as it was carrying many kilograms on my back. I spent a long time trying to gather strength to rise, feeling completely alone since my son was asleep.

In my desperation, I started

calling on the God of Abba Father, the God of Vivian Alungant, and the God of Prophet TB Joshua, crying out, “Where are you?” I repeated, “You are my Shepherd,” and in that moment, I found the strength to get up and returned to bed, where I managed to sleep.

On Tuesday, I woke up, took my son to school, and went to work, but my body was still weak. I had been experiencing issues with my eyes, which were watering. Thankfully, the woman of God, Mama Vivian, had already discerned my condition in the spirit and informed Pastor Emma that I needed prayer. Later,

my daughter Dolorence messaged me, saying Mama Vivian was coming to take me for a check-up and urging me to pray. I assured her that I was praying.

Mama Vivian came and took me for the check-up, having already made an appointment with the doctor. During the appointment, the doctor asked if I was eating and drinking properly. I told him that I eat a lot of greens and mentioned that I was almost completely cutting beef from my diet. The doctor suggested taking a blood sample to test my sugar levels, and I agreed, thinking my eye issues might stem from something else.

When the results came in, I asked the doctor to invite Mama Vivian into the room before sharing them with me. When she joined us, the doctor delivered the news: my blood levels were too low, and I had no iron in my body. He prescribed iron supplements for a week. Mama Vivian supported this decision, and even amidst this trial, the enemy was still at work.

In the treatment room, the nurse offered me a different type of treatment that I wasn't supposed to receive, but the God of Mama Vivian was with me. We returned home, and Mama Vivian began to pray for me. The next time we went back to the hospital for another test, the results came back positive, showing that my blood levels had risen.

I thank the God of Abba Father for healing me without treatment.

God has turned my life around

Bro Jimmy Okoboi

On 16th August, 2024, as I walked along Mutessa 11 Road in Ntinda, on my way to meet a friend, I saw Abba Father Fellowship sign post. By God's grace a gentleman was seated at the gate and I asked him about the church. After our conversation, I told him I would come on Sunday to pray.

On Sunday 18th August, I came and attended service, the Woman of God, Mama Vivian prayed for me. She prophesied about my life and all that she said came to pass among them was the debts burden which was so heavy on me, with many threats of arrests. As I speak now all these are no more. There several court cases I had in Soroti and Kampala against me are all moving on well.

Before I came to ABBA Father Fellowship, I was going through so many challenges that nobody wanted to associate with me. Mama Vivian said to me "people have used you a lot and afterwards they dump you" children of God this was very true.

Mama also supported me

financially and she said it would not take long before I testify.

She also prophesied about me getting involved in international business, in the past I had tried, but it did not work out, just months down the road, this has come to pass.

I thank the God of Mama Vivian and Abba Father Fellowship for the joy and peace in my life since I started praying at the ministry, there is great improvement in my life.

Praise the Lord saints. I am by names Joseph Ipurale and I am testifying of the goodness of the Lord in my life.

In the year 2021, I was working in Moroto and during that time, I developed a growth in my anal area and it caused me to quit the job.

I did not tell this to any of my family members, not even to Mama because I did not know that she was highly anointed of God.

One morning while I was in Soroti, she called me on phone and told me that she had just woken up from a dream. In the dream, we were in a hospital and I was put on oxygen because I was diagnosed with cancer, and the problem was with my anal area. I was in shock because I had not shared my problem with anyone.

At that point she asked me to kneel down and pray. She was in Mbale and I was in Soroti and she prayed for me and the swelling disappeared. I thank God for the healing.

This year, September, another prophesy of intestinal cancer was given to me. Sometimes I would get some pain in my stomach but I thought it was acid influx or ulcers. I did not have any idea of it, but the Lord who reveals to redeem spoke in my life and on that day, I was prayed for and I was

Healed of three kinds of *Cancer*

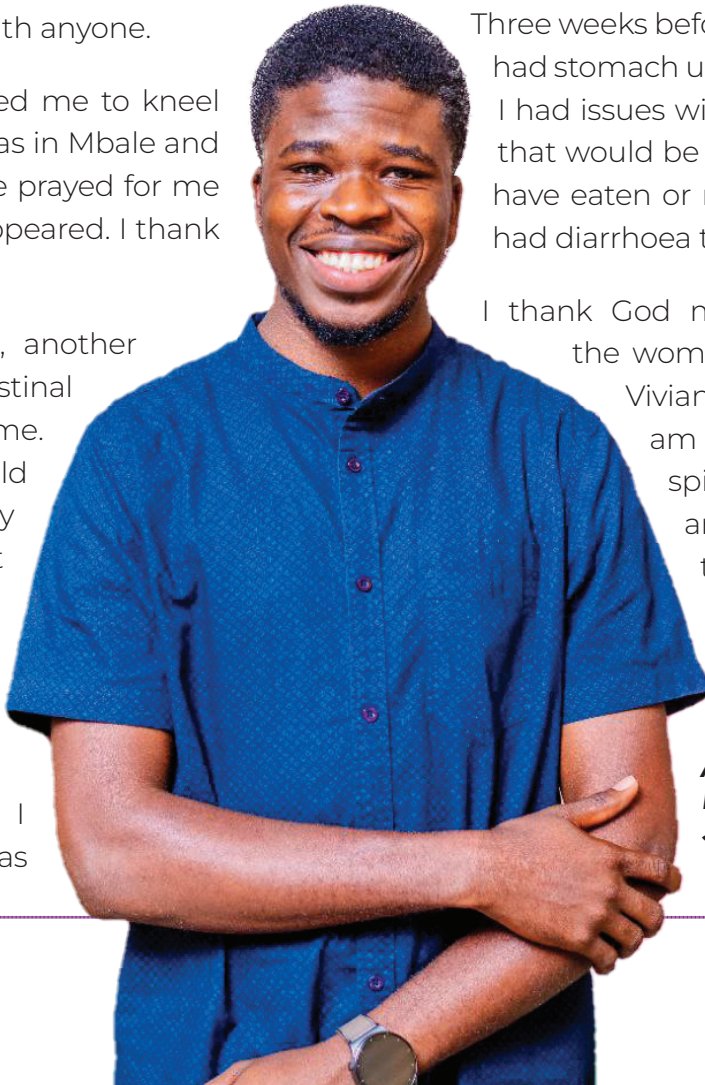

healed.

Again, on Friday, 22nd November this year, the Lord spoke in my life through prophesy. The woman of God prophesied and she asked me to see a doctor, because she sees a problem with my stomach, like I am allergic to something, and this would affect my skin as well. I thank the Lord for his favour and love. Who am I that He speaks about me.

Three weeks before this prophesy, I had stomach upsets or diarrhoea. I had issues with my stomach in that would be bloated whether I have eaten or not. Occasionally I had diarrhoea too.

I thank God mightily for using the woman of God, Mama Vivian to heal me. I am grateful for the spiritual alignment and that I am under the covering of Abba Father Fellowship.

**All Glory and
honour to King
Jesus.**

Healed from **cancer of the Bone Marrow**

My name is Angello Operemo, I am a minister in Abba Father Fellowship.

This year between May and July my health started deteriorating. I went to various clinics and hospitals in Mbarara where, according to the results that the doctor disclosed, I had bacterial infection and he said it is acute.

Because of the way I was feeling, I had to do about six more tests including complete blood count and the results remained the same.

In May, I also did other tests in another hospital in Mbale which was still the same. After the various tests, I decided to take the prescribed medicine but it felt like my condition was just worsening. I went back to the doctor and told him how I was feeling despite the pain killers that I was taking.

At that point, the doctor recommended for a urinalysis, stool test, complete blood count, malaria, syphilis and HIV test, but the results still showed a bacterial infection.

By July, the body ache was still persistent, so I decided to go to Divine Mercy Mbarara for yet another medical check. Tests were done and to my dismay the doctor told me he sees active cancer cells.

That same month of July, I travelled from my work station in Mbarara to Mbale to join the rest of the brethren for Mama's birthday celebration. The signs were evident and the pain was too much but I was believing in God for healing.

I did not share this with my wife and family members because of fear of causing panic. I persisted on working even with the pain because I did not want to be grounded by sickness. I went back to hospital for review and I was referred to Mulago National Referral Hospital for further cancer screening.

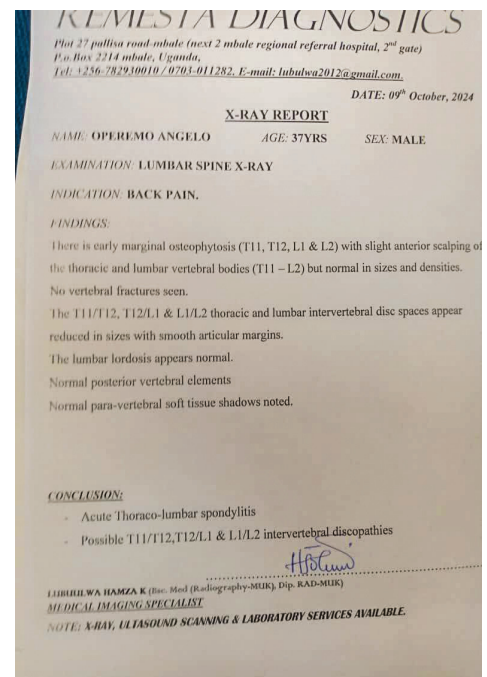

escorted by Pastor Lambert. The pain was concentrated around the waist. The doctors said there was impact created by the bone marrow that was flowing outside the normal and it is creating a wall, eating up the bones around the upper hip on the left side and I came home and shared the image with mama.

In September, Mama called me to come to Mbale for the Prophetic School Studies led by Bishop Alicia Perry. Though I was going through pain, I travelled and the day I reached Mbale the pain increased and I could no longer stand straight, bend or even support myself.

I was being supported by my family to even stand. I kept in prayer that God may speak about my situation. To Him be the Glory! During the prophetic School lessons, Bishop Perry told me that God is squeezing out the pure oil from me, I must pass through this, pure oil that He needed to urgently be passed through me. Immediately felt at peace.

During one of the Sunday services led by Mama, she was using her handkerchief while praying for people and she used the same on me and she prophesied that God is healing me from cancer of the bone marrow.

On 10th October, 2024, Mama Vivian sent me to IMC Mbale for an X-ray. I was

After the prayers and deliverance, I stopped taking the pain killers, the pain reduced steadily and I started to walk and do everything on my own. I went back to work and after some weeks I came for an overnight in Kampala Chapter and the Lord spoke again. Cancer was gone and now its normal bacterial infection.

I glorify the Lord for the healing, it has been steadfast and the pain is no more.

I GIVE GOD ALL THE GLORY FOR THE MIGHTY HEALING AND HIS FAITHFULNESS

+

trust and believe God has kept each one of you well and healthy.

I am Norah, a daughter of this great ministry, Abba Father Fellowship.

Last year, 2023, I started experiencing pain on my legs and feet, they swell and this limited my movements. I didn't take this serious because it was on and off and I didn't know that it was spiritual.

Now, this year in October, the ailment re-occurred but this time round, I was at school, and my feet got so swollen and whoever saw it would think my feet would burst in the next second.

I was a Senior Four (S4) candidate preparing for my UNEB exams. I could not walk or squat, I could not even lift up my legs because of the excruciating pain.

My schoolmates would make fun of me saying a small girl with fertile legs or big legs. This affected my self esteem but regardless, I trusted God. My aunty, Mellisa, was

Praise the Lord, Saints!

called from school about my condition and I was returned home.

When my aunty saw my feet, we rushed to the nearby hospital, but the doctors said they could not find any Medical issue with my feet and just assumed it

**“
Gradually
and I did it.
We went into
the altar, and
she asked
me to wear
her shoes as
the power of
healing was
still present.
Children of
God, the pain
reduced,
Mama asked
me to squat
and also to
lift up my
legs**

is an allergy. But children of God the pain was so much that I felt if only someone could feel what I felt to relieve me of this pain

That night, aunty Mellisa sent a message to Mama Vivian and showed her my feet and Mama told us to come to the altar the next morning for prayers. As soon as Mama saw my feet, she asked me about my childhood and she begun to prophesy upon my life and spoke about my childhood.

When I was a child, I grew up with my grandmother and she used to practise witchcraft. I was initiated into it as a child. My grandmother would cut charms and put them on my body. My feet has razor cuttings all over. I did not know this would affect me later in life.

Mama prophesied that if we had delayed, I would be lame and because of the swellings, my kidneys would equally be affected.

The God of Abba Father Fellowship is faithful. Mama prayed for me and the power of God was witnessed that day. I had never seen nor

witnessed an instant miracle, but saints this happened to me.

Mama stepped on my legs, and commanded me to walk, the pain was still there and I had to hold my breath with faith. Gradually and I did it. We went into the altar, and she asked me to wear her shoes as the power of healing was still present. Children of God, the pain reduced, Mama asked me to squat and also to lift up my legs and I was able to do all and I was restored.

Glory to God! I am healed. My legs instantly reduced in size. Mama then sent us to check if my kidneys were okay and to the glory of God, my kidneys were perfectly okay. I am a living testimony of the supernatural power of God through Mama Vivian.

Mama, May God continue to use you mightily for the liberation of many.

All Glory and honour I give to Jesus.

Miracle Baby

Angella Vivian

God's ways are not our ways. Just when my husband and I thought we were done having babies, God blessed us with another fruit of the womb. We realised that we were expecting in September 2023.

And through the Woman of God, Mama Vivian, God spoke a number of times and said that this one was different. In one of the services, the woman of God could tell that I was worried about the sex of the baby, she said I quote 'B or G are all from God but your desire is G.' And indeed, my desire was G, though at this point, I had no idea of what I was having.

This was the most difficult pregnancy compared to the previous ones, to us, it was a sure confirmation that indeed this one was different.

On Women's Day, the 8th of March 2024, during a women's service led by Mama Vivian, she requested for a pen and started to write. We all watched as she wrote. She later asked me about the

sex of the baby and I told her that I was having a girl.

She then called my husband and I up to the pulpit and asked me to read what she had written. To our amazement, it was a name 'ANGELLA'. Mama Vivian then informed all of us that God had told her to get a pen and start writing letter by letter and she had no idea what she was writing, she only realised after that she had actually written a name. She added That after writing God told her that the baby that woman, (me) is carrying will be named Angella. We are so blessed and loved by God that Our baby was named by the Highest God, to share a name with His great Servant.

Towards my due date, we received prophecy that that the birth of the baby would be delayed, that the doctors would try to convince us to have a c-section but Mama told us not

to panic because I was meant to push the baby. She also added that she would pray for us and that there was possibility that the birth would actually turn out to be quick. And indeed, when I went into labour, we reached hospital and we were told to go back home that it was not yet time for the baby to be born, the doctor refused to admit us.

We went back home and held onto the assurance that the woman of God was with us in prayer, even though she was out of the country. (distance is not a barrier). The next morning of 11th June 2024, my labour progressed soooo fast that I almost gave birth on the way to hospital, there was no waiting, Angella arrived immediately, the speed was out of this world, it was more than a Hebrew birth. This confirmed Mama Vivian's words that she would pray and everything would turn out fast.

The devil is a liar, everything had been a success but on the day of being

discharged, the doctors examined the baby and said that she was not well. They held us back and immediately admitted her to the neonatal ICU for about 5 days. Ps, Simon got in touch with the woman of God who was out of the country on a mission. Amidst her busy schedule, as loving as she has always been, she got in touch with us and assured us that just as God had said before, Angella was different and nothing would happen to her.

The baby was put on medication and she got better day by day and after the medication, we were discharged, Angella has since been well. When Mama Vivian held her in her hands, I remember her saying that Angella was indeed a miracle baby considering what she had gone through. Much appreciation to the Woman of God, Mama Vivian. Ps. Simon, all the pastors and ministers for loving and standing with us.

Glory and honour back to the most High God.

Pain would make me Numb, now am Healed

Surely, I found love, peace and joy in Abba Father. God granted me a new family and I can proudly say, Abba Father is the family I have always longed to have

My name is Akol Jennifer, one of God's favourite daughters. I am a living testimony of God's love and favour and abundant grace.

Before I came to Abba Father Fellowship, I was in crutches. I had an accident some years back and my limbs were broken. From my hip bone down to my legs. The pain I experienced would sometimes make me numb. I have had many accidents and injured the same leg but God has preserved me.

The first time I came to Abba Father Fellowship, I felt peace and witnessed love that I had not experienced

in a long time. It was a Sunday and by God's grace the woman of God, Mama Vivian, prayed for me and I started to see changes in my life.

The joy of my enemies has not been fulfilled, they wanted to see me dead, but I am alive and will live long enough to glorify God and worship God.

After the death of our parents, in one of the clan meetings one elder claimed that we do not belong to the clan because we do not look like them. That marked the beginning of the clan's hatred for us. They grabbed part

of our land and made our lives difficult. We bought land and settled elsewhere.

Our parent's death, our only brother who had just qualified as a doctor also died mysteriously from Mulago hospital and the cause of death was unknown. Its just me and my sister left. I thank God for keeping us under His wings.

A few months after I had an encounter with the woman of God, I came back to Mbale to attend the international women's conference. It was the second day and as i was going back home the boda-boda man who was carrying me suddenly stopped in the middle of the road and we fell down. He pulled off his bike and left me in the middle of the road.

The first two men at the scene could not lift me off the ground and the trailer was advancing towards us and the two men also retreated to the road side, but by God's grace I raised my hand up and called on the name Jesus Christ, it stopped less than ten meters from me.

Saints, I cannot describe the pain, my only prayer

I am steadily recovering from the surgery, had metals inserted from my hip and I glorify the name of God that my leg was not amputated. With prayers from Mama Vivian, my life was preserved.

was that I should not lose my leg.

I was rushed to the hospital, several scans were done and I was booked for surgery. The hospital bill was over ten million, but God made a way. My workmates and former students were able to raise the money that facilitated both my surgery and stay at the hospital.

The God of ABBA Father Fellowship is a faithful God. I am steadily recovering from the surgery, had metals inserted from my hip and I glorify the name of God that my leg was not amputated. With prayers from Mama Vivian, my life was preserved. Mama Vivian stood with me in prayer, supported where she could and saints am a living testimony of God's love.

I am alive and the God who never sleeps nor slumbers watches over me. I give God the glory and honour. Mama Vivian, is a true definition of heaven sent.

To all my pastors who stood with me in prayer, may God richly bless you and remember you always. Glory and honour back to God.

Many blessings.

Kingdom donkeys

NAMANDA THOMAS, Abba Father Sign Post)

I joined Abba Father Fellowship on 3rd June, 2018. It was through a Good Samaritan called Muyama Eshter who told me about this Ministry. I made the effort to look for it and my eyes opened. While others were going to Namugongo, the Lord brought me to Abba Father Fellowship.

My biggest transformation in my life is deliverance from world desires, like drunkardness, immorality and diseases. I greatly thank God for the transformation. Where would I be without Him? Today I testify that Abba Father Fellowship is in my blood, when you test my blood, its DNA is Abba Father Fellowship

My biggest fulfillment was by God's grace. I am blessed to be an Usher and also privileged to have been one of the pioneers of this great Ministry. We worked and built the Ministry to where it is today. And by God's grace we are still moving forward

My inspiration and passion to work has greatly been drawn from the love of the Ministry towards me. As the Ministry moves forward, I see a brighter future and much more light ahead of this Ministry. Just with the prophecies in my life, I see myself being one of the kingdom financiers of this Ministry. I also look myself to becoming a Pastor one day in this great Ministry.

My happiest moment was my wedding day which was greatly ordained by God. When I see new people from different places coming to this Ministry, I feel so proud and

happy, I fill overjoyed to see that men have found a true God, because many have been lost outside there, it's the season for them to are found.

I faced challenges of persecution, many assumed that I am the one who brought this Ministry, yet indeed it is the dealing of the Lord, many say I went underground but I want to say that what the Lord has done in my life no eyes have seen. The only way I have overcome this was not relying on their thoughts and perspectives, I am no longer shaken by what they say.

The best way I can describe Abba Father Fellowship is, that it is a home of humility, love, a healing ground to me, a home full of peace, joy and happiness. And I encourage each and every one of you, within and out of Abba Father Fellowship that here is where

you find renewal, a new life, a new home and there is peace, come experience what the Lord has planned for you, live a life according to His will.

Mama Vivian is a blessing to us, most importantly to me as an individual, the Lord brought her from far to this place where I stay purposely for me to gain from her wisdom. She is my mentor, spiritual mother, a woman full of love and forgiveness, no matter how much you go astray she will be like Jesus Christ. She is full of advice, encouragement. she brings men and women together

Shalom Blessings to each one of you

Delivered from the bondage of witchcraft

My name is Sharon Nabukeera. I am a proud believer in Jesus Christ and Minister in Abba Father Fellowship.

I joined Abba Father Fellowship in 2016 and it is one of the best decisions I ever made. My life transformed greatly after being delivered from evil spirits. The family I came from practiced witchcraft and they worship small gods. This did not only spiritually affect me but everything in my life was falling apart.

Today, I am happy to serve in Abba Father Fellowship as an usher, I support the little lambs and also tend to the flowers within the church premise.

The passion and desire that has driven me for these years is the grace of God and knowing that I am called by God to serve. I see myself as a kingdom financier in the children's department. I have faith that at one point the Ministry will have its own Cafeteria given the rapid growth that I have witnessed and I look forward to being a chef to ensure that people are well served.

There are countless moments that have brought joy in my life from the time I joined the Ministry. Many people but most of all Mama Vivian has embraced me despite my shortcomings. The Pastors and fellow ministers have been the shoulder on which I lean when the going gets tough.

Mama Vivian is a noble woman, she is Christ-like and I give glory to God for her life. I have experienced the love of God, His mercy and favour.

Abba Father Fellowship is my home, in it, I found a new family. I have nowhere to go. It is also my training ground.

Shalom!
Sharon Nabukera

My name is **Ocu Gordon Joakim**

**I am a minister in Abba Father Fellowship,
ministering in the choir by the grace of God.**

Q How and when did you Join the Ministry?

I joined Abba Father fellowship in 2018 around the September. I remember the period because I have a shirt that Mama Vivian bought for me when we were launching the Kampala Altar. This is when we were moving from the part of the tent, hahaha to a bigger place.

I joined through Ps. Emmanuel Otim.

One evening, at home around 1.30pm, Ps, Emma with his other friends told me that he was going for a party and asked if I wanted to join them. Being idle that day I joined them and it was quite a long walk my friend, about 4km.

To my surprise, when we reached the Altar, it all turned out different. There was no sign of a party. The gathering looked like for

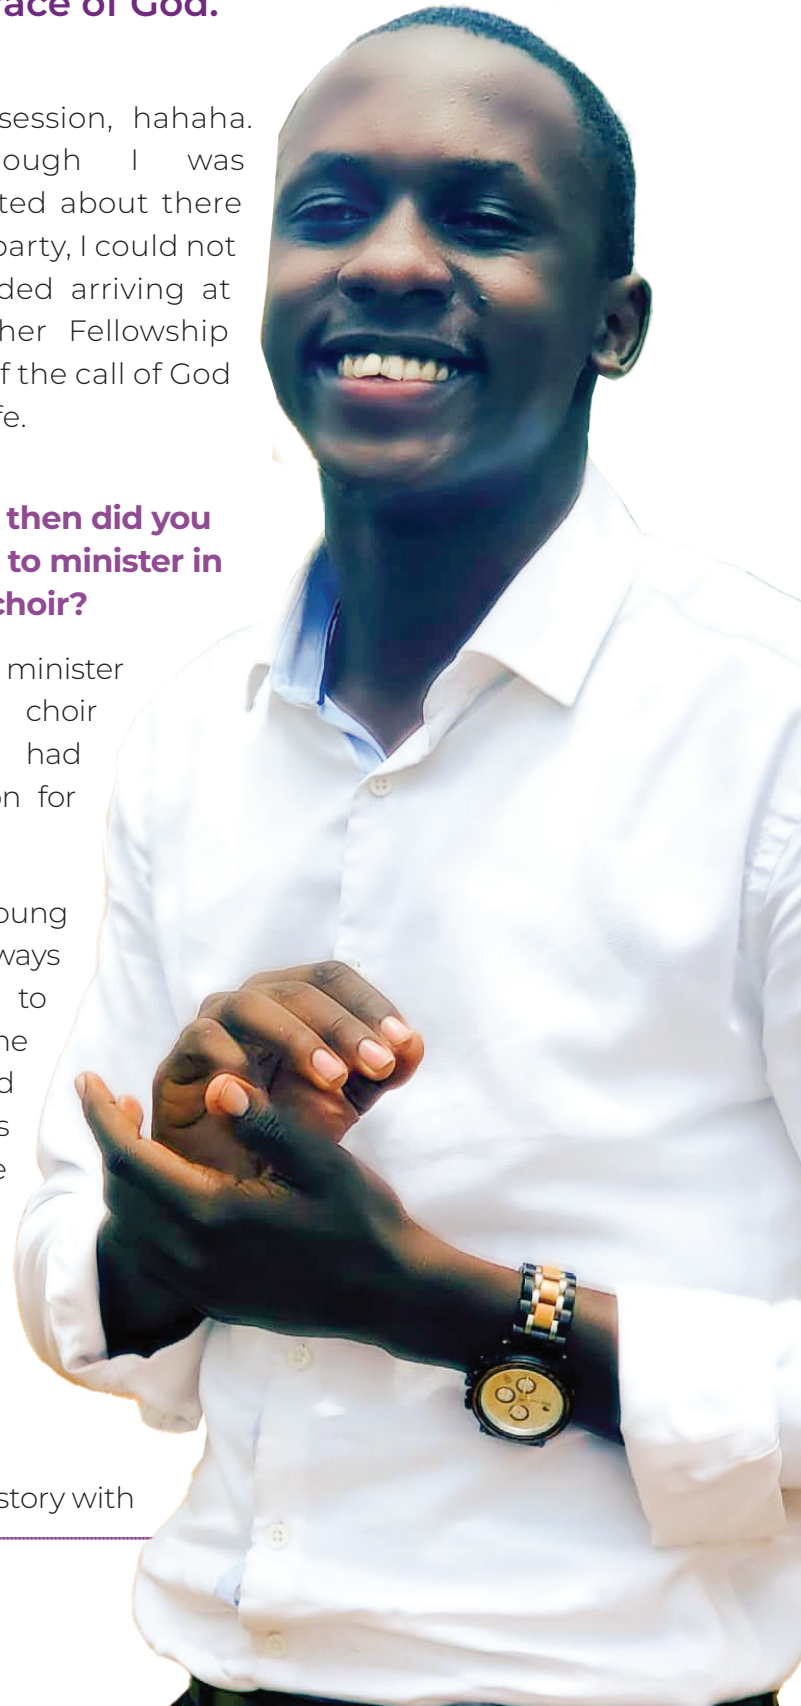

a prayer session, hahaha. Even though I was disappointed about there being no party, I could not have avoided arriving at Abba Father Fellowship because of the call of God over my life.

Q How then did you start to minister in the choir?

I started to minister in the choir because I had the passion for music.

As a young man, I always desired to sing in the choir and I always sung in the catholic church and in the school choir.

I have a history with

the secular music which is now in the past because God has redirected me to the right path and I bless His name for the far, He has brought me.

Q What drives your passion for service?

I have passion and it is my heart's desire to sing.

Back then, we were only 2 choir members, my self and sister Joyce. So, this helped me to remain committed and focused since we had to be available every Sunday.

Q What has been your biggest transformation or fulfilment in the ministry?

My Destiny has been redirected because finding myself in Abba Father Fellowship has helped me be redirected in such a way that when I look back, I would have really been wasted in the world. There things I did and I am not happy that I did them. I feel I wasted a lot of time.

Being in ministry in Abba Father Fellowship has made me realise who exactly I am and I have been redirected back. God is growing me each and every single day in Christ

Where do you see yourself getting to in the ministry?

I desire to minister in a big place, stadiums, travel nations powerfully through the Spirit of God.

Music is not just what we think it is. Through Music,

people get healed, relieved of anything that is bothering them. It has power that can cause a change over someone's life.

I desire to write songs, through the inspiration of the Holy Spirit.

Q In your service, you must have at one point received a rebuke from the woman of God. What was it like?

Ooh yesss. Many times, the Woman of God has rebuked me but these rebukes have been tough and good at the same time because they bring out the strong and tough man out of a minister like me.

Q What would you tell a new choir member or a soul out there desiring to minister in the choir?

Passion for the things of God. Your character is what must drive you to serve more committedly because, you are no longer part of the multitudes but a disciple. You are tested every time, so you have to be prepared.

Q Any final remarks?

As ministers, we have always been reminded to be humble no matter how much you know, how much you have because you may be the most ignorant, so let us totally be humble.

Love one another as God has commanded us.

God bless you all.

My name is **Achen** **Betty Abal**

When and how did you join Abba Father Fellowship?

joined Abba Father Fellowship in 2019 when it was then called Glory to Glory through a friend called Carol Adeke.

Q What has kept you believing and hopeful?

A personal connection to God, community support, the teachings and personal experiences.

Being a single mother, I have no plan B, it has always been plan A which is God. God has provided for me always; my children are loved so much. We are amazed by the love

Q What has been your biggest transformation or fulfilment in the ministry?

My biggest transformation has been spiritual growth. Helping and seeing the souls I have brought to church find their faith.

**I thank God
for our
Spiritual
Mother,
Mama Vivian
for saving
many souls
including
myself. May
her cup of
anointing
overflow
in Jesus's
name.**

Q We have witnessed you clean church every Saturday with your daughters. What drives your passion for service?

I find joy in serving as an usher and teaching the little lambs.

I also want my children to learn and follow the steps of Christ and service. Proverbs 22: 6. I want to be an example to them, that is why I do not leave them behind.

Q Where do you see yourself getting to in the ministry?

I have a passion for counselling, mentorship and discipleship. I want to become a source of hope and healing. I want to be counted among the women in ministry. Romans 16:1-2

Q Have you encountered any low moments?

Yes. The death of my dear friend Tonny. He was like a brother to me.

Have you ever been rebuked by the woman of God? What was it like?

Q Any words of encouragement to a soul who desires to serve as a minister?

You are not alone. Growth happens in the valley. even in the hardest situation, growth is there. This is the Lord's teaching.

Q Appreciation

I thank God for Chief Molly. She has been a destiny changer to some of us.

I thank God for our Spiritual Mother, Mama Vivian for saving many souls including myself. May her cup of anointing overflow in Jesus's name.

I thank God for blessing me with a great family of Abba Father Fellowship, where I have found new parents, sisters, brothers, friends and above all love.

I thank God for Our Master's mother, for giving birth to a woman with good character, humility, love, kindness and above all a giver.

***Thank you. I love you all.
Be blessed.***

THE Chronicles

ABBA FATHER FELLOWSHIP

Volume 3 | Issue 1 | December, 2024
